

Creating a Parent Portal Account

A great tool for keeping up with your child's school progress is a parent portal. If you currently do not have a parent portal account, you can easily create one.

The instructions for creating a parent portal account are on the Campbell County Schools website homepage. Under the Parent Portal icon, a parent can create his or her account. If you have any difficulties creating an account or have questions concerning parent portals, please contact RMS School Counseling secretary, Pat Dagenhart at 434 332-5141 ext. 8044.
